(List of Mathematicians and Computer Scientists of Romanian extraction residing outside Romania, From the Bookshelves, Authors of volume XIV and other information)	

* * *

The 19th Annual Congress of the Romanian Academy of Arts and Sciences (ARA) is scheduled for November 3 - 6, 1994, at Smith College in Northampton, MA. This meeting is a joint event with the "George Enescu Society of the United States" (Patron: Lord Yehudi Menuhin). The local organizer of the Congress is Professor Emeritus Lory Wallfisch.

The following mathematicians/computer scientists have announced their participation and the intention to present a paper: Petru Caraman from the University of Iași; Carmen Vlad from the Pace University in New York; Constantin Corduneanu from the University of Texas at Arlington; Michael Dediu from Tewksbury, MA; Sofia Dediu from Lakewood, Ohio; Viorel Vlad from White Plains, N.Y.; Fabian Todor from the University of Montreal; Mikhail Ursul from the Republic of Moldova; Bogdan Vernescu. There are more names and titles in the program, concerned with topics involving mathematical treatment of the problems.
